

Dear Kim Snyder, Kay Apple, and KU Foundation

Thank you for sponsoring us.

We appreciate it so much. I have had so much fun throughout this experience.

We have done so many activities including watching movies, events, entrepreneur speakers, capture the flag, bonfire, water balloon fights, kickball, obstacle course activities, we had some great food also like lasagna, pizza, ice cream, many snacks. This was a great experience and opportunity for me to learn many different things and meet many different people from 5 different schools. By the way what I also found fun and soothing was the yoga and tai chi in the morning.

Sincerely, Jessica Brand
